

Flagami Action Committee / Unity International Foundation Inc
“Uniting Community through the Arts”

7365 S.W. 8 Street, Miami, FL 33144 305-262-5255 / baron1@baron1.com

Committed to a Safe and Prosperous Community, through a fusion of citizens, merchants and local government by promoting our international culture and talents.

The Flagami Action Committee is a Civic/Community Organization who represents Citizens and Business in the Flagami Area from the Palmetto Expressway east to 27 Ave. We are currently updating our files to serve you better and to keep you informed of any topics in our community which can impact the way we do business, please take a moment and answer the following questions.

Barón DaParré a popular Photographer and community activist founded the Flagami Action Committee, in 1998 during the Re-Construction of SW 8 Street to assist merchants during the reconstruction serving as a liaison with Florida Department of Transportation, the City of Miami, the Merchants, its residents and the media. Barón was successful in working with these government organizations to assist the merchants.

During these hard times the committee was able to improve the image of SW 8 Street, and the Flagami Area, attract and generate more business to the merchants, preventing loss of revenues and represent them in City and County State meetings where other merchants were not able to attend.
